Every Scholar Needs A Skill!

Mr Gallman

Breaking Down an Enlarged Inch

Name: _____

First AND Last Name- I need to be able to read it.

SID

Date:

Year (yyyy) - Month (mm) - Day (dd)

Period: A1 A2 A3 A4 B1 B2 B3 B4

Circle one to indicate your period

Listen to the instructions that your instructor will give you! When the instructor says, “Fold your paper like this.”, look at the instructor to see what he is doing. When the instructor says, “Your paper should look like this.”, look at the instructor’s paper. Compare the location of the marks on his paper to the location of the marks on your paper. We will pretend that this paper has been enlarged from one inch long. We will divide it into 16 parts. We will label the lines, and number the spaces between the lines.
